DNR: 2023-00816

# Calendar for Executive Board meetings in 2024

## The Riksbank's decision

The Executive Board finalises the times and dates of the Executive Board meetings and the dates for publication of Monetary Policy Reports, monetary policy updates, minutes of monetary policy meetings and Financial Stability Reports in 2024 in accordance with the proposal enclosed in an annex.

The Riksbank's decision of 19 June 2023 on the calendar for the Executive Board meetings during the first half of 2024 is repealed.

## Grounds for the decision

Due to the Riksbank's decision on 20 September 2023 to hold eight regular monetary policy meetings per year instead of five from 2024 onwards, the Riksbank is establishing the dates of meetings and monetary policy meetings, as well as the publication of reports, monetary policy updates and monetary policy minutes for 2024.

This decision has been taken by the Executive Board (Governor Erik Thedéen, First Deputy Governor Anna Breman and Deputy Governors Per Jansson, Martin Flodén and Aino Bunge) following a presentation by Head of Division Sofia Kåhre. Advisor Åsa Söder Nilsson took part in the final administration.
